WHAT THE 5TH EDITION NEEDS

- Creators chosen for the audiences the festival wants most
- Set deliverables and key messages for every creator
- A clear view of what each creator posts, and when
- Sponsor visibility the festival can prove, partner by partner
- Festival numbers: views, audiences, the diaspora, tickets

Set the foundation in the anniversary year

Five editions in, with Davido headlining, sponsors will ask what the Mother Africa audience is worth. Every number the festival produces now builds that case.
